Our Order Process

The dedicated team at Price & Buckland have been 'dressing the learning generation' with pride and style for 65 years! With all our experience supplying schools, we understand the importance of offering exceptional service and quality garments at affordable prices.

Our PB Sports Range is made from the latest innovative performance based fabrics. They are designed to keep your pupils comfortable and focused – helping them perform to their best, time after time.

Designed to perform

ActivDri is our technically advanced, high performance fabric designed to transfer moisture away from your skin, keeping you dry, comfortable and 100% focused, however hard you're pushing it. It's ultra tough, performing wash after wash, even at low temperatures.

Built for comfort and support

Engineered for motion, lightweight ActivFlex Fabric ensures freedom of movement for ultimate performance. It is quick-drying, fade-resistant, and easy to care for. ActivFlex is designed to deliver superior stretch and breathability, wash after wash.

Ready for any weather

ThermaTech is designed with practicality in mind by ensuring heat retention while remaining breathable at the same time. ThermaTech is a lightweight and durable technical fabric which is ideal for layering.

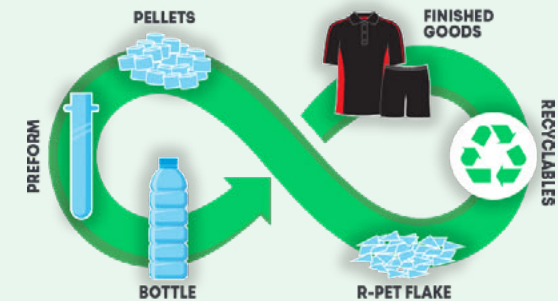

Performance with comfort

MicroTech fabric delivers lightweight comfort and lasting performance, making it ideal for activewear. The quick-drying, easy-care MicroTech fabric is tough enough to keep its shape and stay fresh after repeated washes.

SUSTAINABILITY PLEDGE LOOKING AFTER TOMORROW

An eco friendly uniform you will love

Our dedication to designing and manufacturing superior quality clothing in ethical and environmentally friendly ways is a core value.

Look out for the Eco tags throughout the brochure. Every garment we create from recycled plastic bottles helps retailers, schools, parents, and their children make a positive difference to the environment.

Since 2020, we have utilised **10,224,830 1 Litre bottles**, which is equivalent to around **101 Olympic size swimming pools**.

All products are designed to be durable so they can be passed down to other pupils/siblings. All our fabrics are thoroughly tested by Bureau Veritas, a world leader in testing, inspection and certification, to ensure our garments stand up to the rigours of school life.

Below is a guide to how many bottles make up each garment.

	=			=			=	
1 Sports Polo		Approx 22 Bottles	1 Sports T-Shirt		Approx 22 Bottles	1 Reversible Sports Shirt		Approx 34 Bottles
	=			=			=	
Pair of Sports Socks		Approx 5 Bottles	1 Sports Skort		Approx 12 Bottles	1 Sports Shorts		Approx 12 Bottles

OUR SPORTSWEAR RANGES

INFINITY

Our new sportswear range is designed to transcend boundaries, merging cutting-edge technology with sleek, stylish design. Infinity is crafted to support every move with unparalleled comfort and durability. Elevate your game and embrace the infinite possibilities with Infinity.

CORE

The essential school sportswear collection designed to be the foundation of every PE kit. Built for versatility and comfort, each garment in the core range combines timeless style with durability, ensuring every student is prepared for any activity.

LEGACY

The sportswear collection that celebrates our heritage. Combining durability with a nostalgic touch, Legacy offers the timeless excellence you've come to know and love.
